PROCEEDINGS

Open Access

Enhancing trauma education worldwide through telemedicine

Antonio C Marttos¹, Fernanda M Kuchkarian^{1*}, Phillipe Abreu-Reis², Bruno MT Pereira³, Francisco S Collet-Silva⁴, Gustavo P Fraga³

From World Trauma Congress 2012
Rio de Janeiro, Brazil. 22-25 August 2012

PRESPECTIVA ATUAL

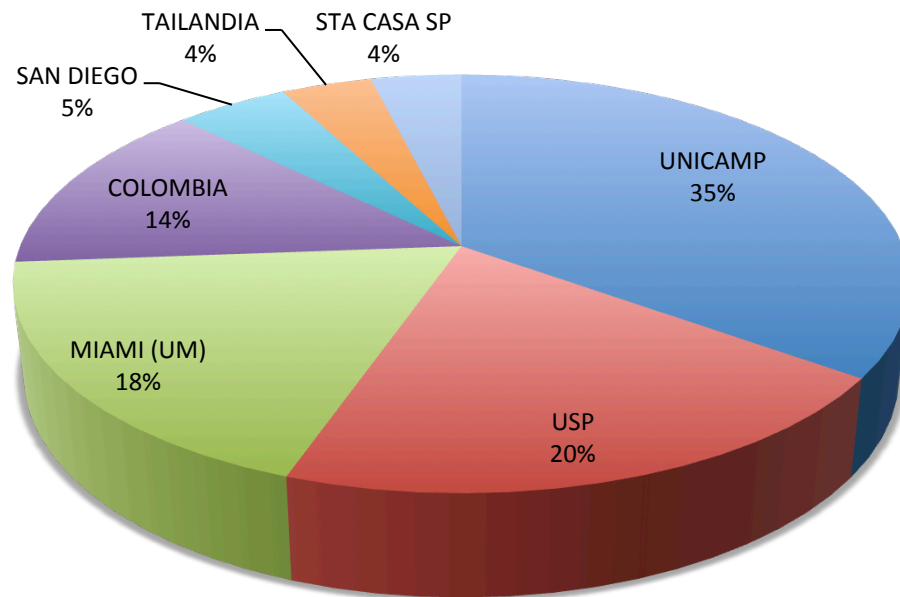

UNICAMP

TELETRAUMA INTERNATIONAL GRAND ROUNDS

- Até DEZ 2012
 - 142 casos de trauma apresentados

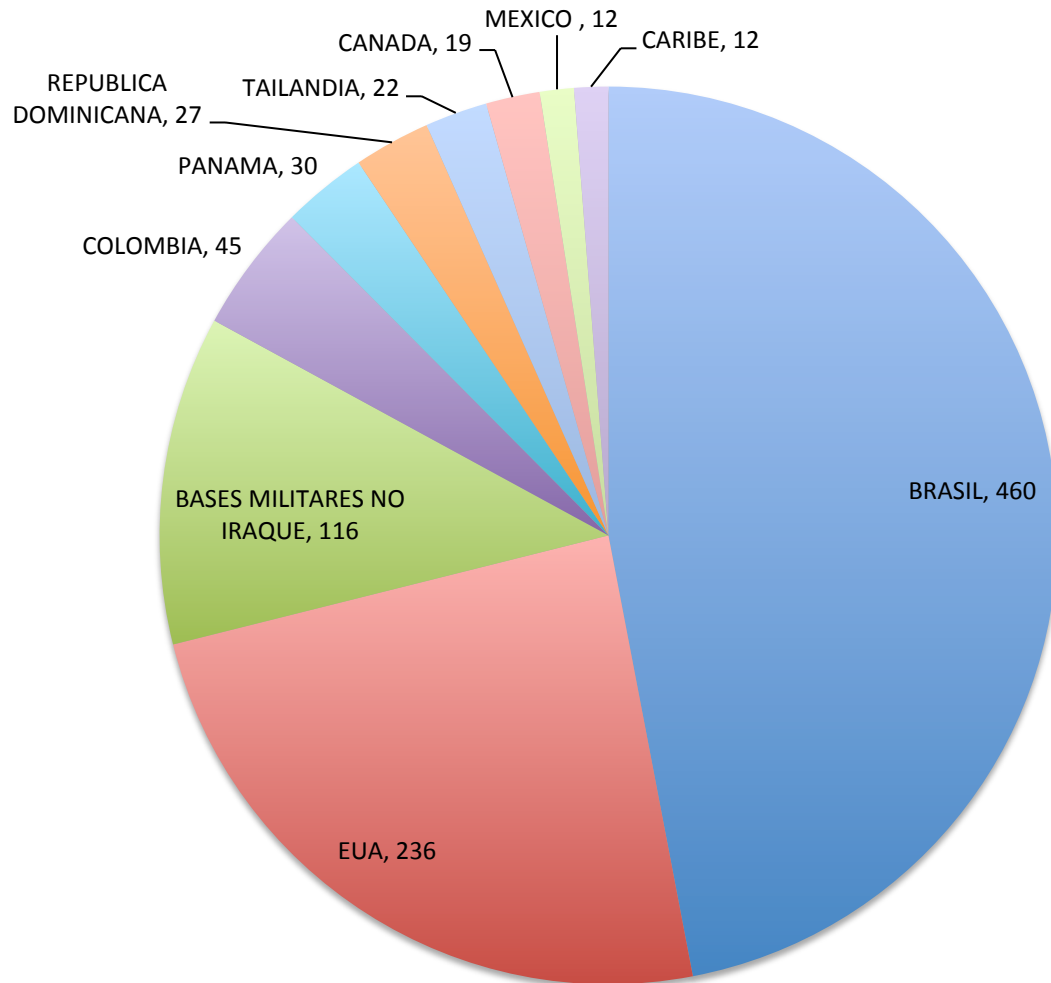

TELETRAUMA INTERNATIONAL GRAND ROUNDS

- Centros brasileiros que mais apresentaram casos
 1. UNICAMP
 2. USP
 3. Faculdade do ABC
 4. HEAPN (Rio de Janeiro)

TELETRAUMA INTERNATIONAL GRAND ROUNDS

- Dados Gerais
 - Na UNICAMP uma média de 9 pessoas estavam presentes
 - 92% alunos/ residentes
 - 20 países participaram no período estudado
 - 18 = N° máx de países conectados simultaneamente
 - 3.26 = média de centros brasileiros conectados simultaneamente

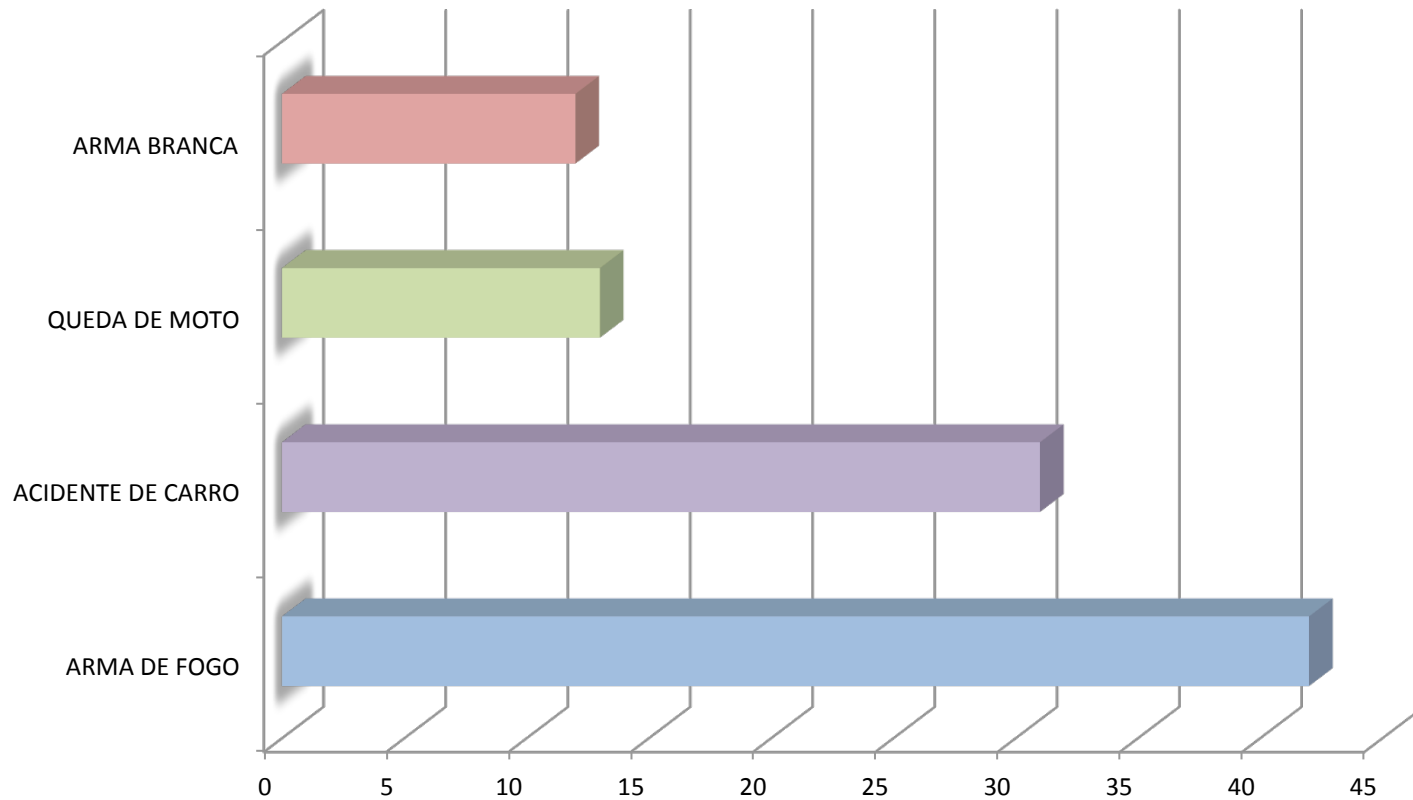

TELETRAUMA INTERNATIONAL GRAND ROUNDS

Frequência

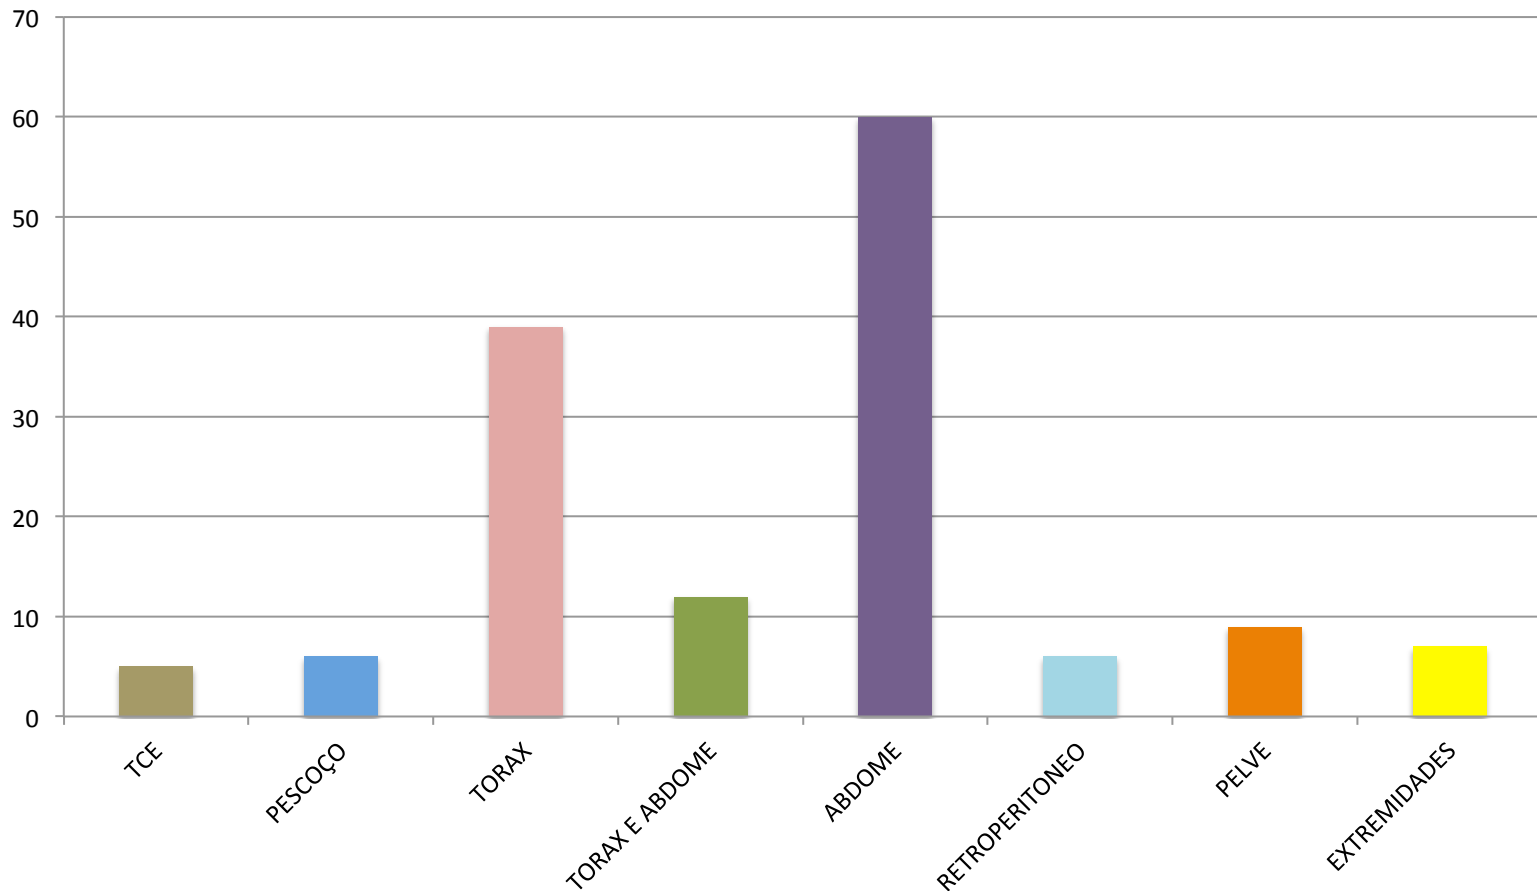

TELETRAUMA INTERNATIONAL GRAND ROUNDS

- Mecanismos de trauma mais discutidos

TELETRAUMA INTERNATIONAL GRAND ROUNDS

- Discussões por região anatômica

UNICAMP
